INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1941-42 edition of the High Point City Directory.

Confidence in the growth of High Point's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting High Point to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the High Point Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 17 to 472, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of High Point, and the name, official personnel, nature and address of each firm and corporation in the city.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 473 to 553. In this section the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

THE BUYERS' GUIDE, beginning opposite page 556 and separately paged from 1 to 40, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of High Point. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like High Point, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 557 to 616, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of High Point.

The High Point Directory Library

Through the courtesy of the publishers of the High Point City Directory, a Directory Library is maintained in the offices of the High Point Chamber of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

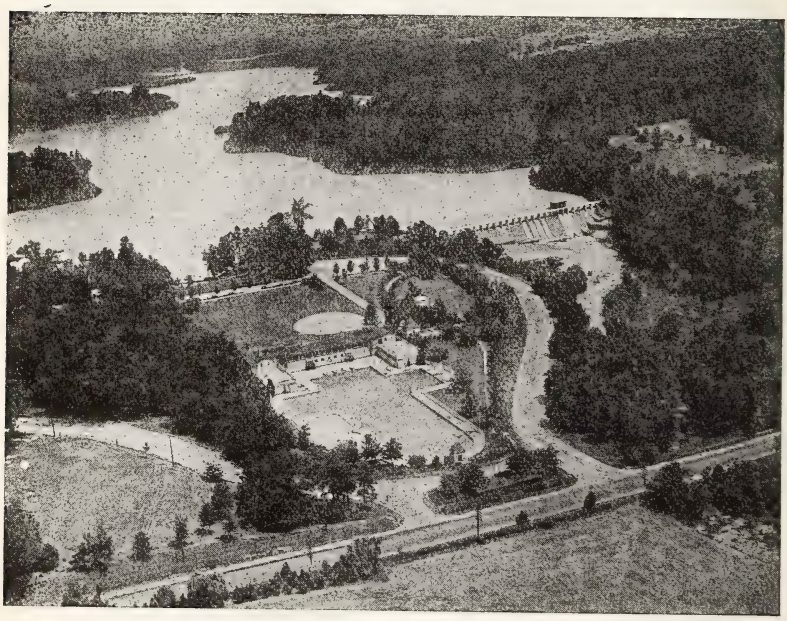

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

High Point, North Carolina and Guilford County Today

Origin of Name

High Point derived its name from statement made by Captain Gregg, chief engineer of the surveyors of the North Carolina Railroad, from Goldsboro to Charlotte (now leased by the Southern Railway) in which he said, "This is the highest point along the whole survey so we will mark it High Point".

Southern Furniture Exposition Building, with 10 Stories and 7½ Acres Floor Space

Industry

High Point occupies the unique position of being the Southern Center of two major industries, furniture and hosiery.

The first furniture factory was established in 1888—today there are 40 furniture factories located here manufacturing a complete line of wooden household furniture including office desks and other equipment.

Located here are three furniture exhibition buildings for the exhibition of furniture, rugs, floor coverings and other household furnishings to the dealer—the fourteen-story Southern Furniture Exposition Building, Tomlinson Exhibition Building and the Broad Street Furniture and Rug Mart—with combined floor space of 350,000 square feet. Two hundred eighty-three manufacturers of household furnishings exhibit their products in this—The Southern Furniture and Rug Market.

The daily capacity of the 20 hosiery mills of High Point exceed 50,000 dozen pairs of hose. The manufacture of hosiery ranges from infants' hose to full fashioned hose, the volume in men's half hose being predominant. First hosiery mill established in 1905.

There is a wide diversity of manufacturing in High Point—in addition to 40 furniture factories and 20 hosiery mills there are 123 other diversified manufacturing plants, among these are plants manufacturing: overalls, work shirts, men's summer clothing, mattresses, box springs, pillows, veneers, plywoods, art glass, paints, enamels, varnishes, lacquers, sealers, stains, fillers, undercoats and reducers, bobbin heads, shuttle blocks, building material, mirrors, glass furniture and novelties, toys, hosiery transfers, embossers labels and seals, silk and rayon weaving, hosiery and underwear yarns, dyes, chemicals and textile oil specialties, paper boxes, corrugated shipping containers and a variety of other products.

The manufacturer will find in High Point many advantages so necessary for successful and profitable operation, (this is proven by the successful operation of plants now located here) among these are climate (good living and working conditions) availability of intelligent native labor, 79.8% native white, 19.7% negro, .05% foreign born, harmonious industrial relations, efficient public utilities, adequate electric power and modern municipal facilities.

Transportation

Located on main line of the Southern Railway System between Washington, D. C. and Atlanta, Ga.

On the High Point, Thomasville and Denton Railroad, a locally owned and successful short line railroad connecting, through the Winston-Salem Southbound Railroad with the Norfolk and Western Railway, the Atlantic Coast Line Railroad and the Norfolk Southern Railroad with through rates and service applying.

Air service through the Greensboro-High Point Airport is serviced iced by Eastern Air Lines main line, New York to New Orleans and by Pennsylvania Central Air Lines through its Norfolk to Knoxville branch.

Sixteen motor freight lines operate out of High Point.

Charter and Form of Government

The original charter of the City of High Point was granted by the State Legislature in 1859. The present council-manager form of government was inaugurated by charter amendments in 1915 and 1931.

The present charter provides for a City Council consisting of a mayor and eight councilmen.

High Point is operated under a modern city manager charter which places responsibility for efficient operation of all departments upon the City Manager and delegates to him authority commensurate with such responsibility.

The charter is unique in that the debt creating power of the City Council is very greatly restricted. No new indebtedness may be created in any fiscal year in excess of 50% of the amount retired during the previous year, except by vote of the citizens. Under this plan, the indebtedness of the City will undoubtedly decrease each year, and at the same time, such limitation will not prevent the logical development of municipal facilities.

Electric Distribution System

The City operates its residential and commercial electric system with considerable net profit. The City's charges for electric current sold to its residential and commercial consumers are no greater than those charged for similar classes of service rendered by private utility companies operating in this area.

Education

HIGH POINT COLLEGE

is **young:** (founded in 1924) it is building its own spirit and traditions today by the contribution of each student on its campus. Young people enrolling here are not bound by the past but are building for the future.

is **progressive:** student government functioning through dormitory and day student councils gives opportunity for student expression, guidance, responsibility and authority.

has a **curricula,** designed to meet the needs of youth in our great democracy, comprehensive and elastic and at the same time sound and thorough witnesses the spirit of progress in education.

is **growing:** the regular session of 1940-41 enrolled 502 and carried 300 in summer school and extension. 18 states were represented in the student body. This is a most remarkable record for seventeen years operation.

offers rates within the reach of the most ambitious youth of limited means. The cost for boarding students is $430.00 for the year. Especially attractive is the opportunity for local youth who can have the year's work for $180.00.

offers a beautiful campus; attractive, modern, fire-proof buildings; a competent faculty; adequate facilities; and an administration sympathetic with the testings that meet youth in college.

located in the heart of the Piedmont — at High Point, N. C.

Convenient to High Point are all the Colleges and Universities of the State, time by automobile between High Point and such institutions ranges from 20 minutes to two hours.

Recreational, Area and Climate

City Lake Park—17 acres. Swimming Pool 270 feet long, 165 feet wide, ranging in depth from 2½ to 11 feet; ample for Olympic swimming trials. Water tested hourly as to purification; large wading pool. 2 Tennis Courts, Soft Ball Field, Outdoor Amphitheatre; Children's Play Grounds equipped; Family Picnic Facilities, adjoins 700 acre lake, excellent Fishing.

Population Growth

Census, 1900—4,163; 1910—9,525; 1920—14,302; 1930—36,745; 1940—38,495.

Federal Census 1939 of Manufacturing, Retail and Wholesale Trade and Service Establishments

MANUFACTURING: Plants 120 reported, Wage Earners Average for Year 11,919, Wages Paid $9,283,996, Value of Products $38,814,175.

RETAIL TRADE: Number of Stores 470, Number Employees Average for Year 1,836, Pay Roll $1,444,000, Sales $13,253,000.

WHOLESALE TRADE: Number of Establishments 52, Number Employees Average for Year 429, Pay Roll $683,000, Sales $12,058,000.

SERVICE ESTABLISHMENTS: Number of Establishments 171, Number Employees Average for Year 564, Pay Roll $415,000, Receipts $1,163,000.

Although renowned as The Industrial City, High Point could be readily termed the Balanced City. For here, in addition to 183 factories and mills, are the banks, shops and stores which serve a local retail area of 75,000; here are broad tree shaded streets; the charm of flower gardens and the comfort of luxurious and modest homes. Here are recreation centers, sports and entertainment; and neighboring the city's outskirts are farms, prospering with the varied products which modern agriculture creates. Admirably "balanced" — thriving — comfortable — substantial.

Guilford County

Guilford County is named after Frederick, (Lord North) Earl of Guilford. Area 691 square miles. Formed in 1770 from Orange and Rowan Counties. Population, 1940 Census, 153,916.

Industry and Trade — 1939 Census

Our Manufacturers — How They Builded

In 82 years since High Point was incorporated in 1859 the city has been built on ground that was largely untouched wood land. The greater part of the development has occurred within the last 50 years, but it is a mistake to conclude that manufacturing is new in this state and section.

Since colonial days North Carolina has had many factories. The state was settled largely by the very types of people from whom manufacturers are recruited. They were simple, unpretentious, hard-working and thrifty folk for the most part. The natural bent of such settlers resulted in little industries here and there, starvelings for the most part because of lack of markets, but through hard work, self denial and persistence the foundation for the great industrial development in the state was laid.

HIGH POINT — A CITY WHICH DEMONSTRATES THE VALUE OF INDIVIDUAL EFFORT

In reviewing the history of High Point one cannot help noting that the builders of industry in High Point are self made men and that they did not stop because the way appeared difficult and required long hours of hard work and self denial. Raised on a farm, clerk in a store, worker in a factory, railroad clerk, school teacher, fruit tree salesman and similar jobs are shown as the way many leaders in industry started their business life. One wonders where High Point, in fact the United States would be today, had people like these not applied their will to work and save, to accept individual responsibility and with an ambition to better and money toward such development.

Money making has not been the sole aim of a large majority of these builders — there has been the desire for religious, cultural and educational development in the City as a whole which has been demonstrated by liberal contribution of time any money toward such development.

To these builders and to the skilled artisans who have joined together in the production of High Point products which are sent to all parts of the world and who have jointly built a city of which we are all proud, I take off my hat, and say that with this continued cooperation future beneficial development will be unlimited.

Directory of Householders, Occupants of Office Buildings and Other Business Places

INCLUDING

A Complete Street and Avenue Guide

1941-42

Copyright, 1942, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The symbol ⏃ preceding names denotes householders and places of business having telephones.

(c) denotes colored.

Information

in the mass seems like a dull proposition, but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has is ever occurred to you how much information you could get from this book, if you really knew how to use it.

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time It Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

There is a definite cost involved in the making of the **Directory** of Your City.

This cost must be absorbed by the subscribers — be they one — or be they 1000.

If there were but **One Subscriber** to the **City Directory — the one subscriber** would of necessity have to absorb **The Whole Cost.**

If there were **1000 Subscribers** — each one would have to absorb **1/1000th Part of the Whole Cost.**

From which it is obvious that the **Greater** the number of subscribers — the **Lesser** the cost to each.

It is also obvious that the **Lesser** the number of subscribers — the **Greater** the cost to each.

Every time you loan your City Directory the **Less Necessity there is for the Borrower to Subscribe for the Service.**

More Borrowers result in **Fewer Subscribers** which means **Increased Cost.**

How the Modern Way Serves You--

The appeal of spotless table linen is universal. The satisfaction engendered thereby is a distinct pleasure, particularly when company arrives. The best home laundry work falls short of perfection no matter how modern the equipment or diligent the laundress. Our laundry will do a complete job or deliver wet if you prefer to do the ironing. Trust us with your finer, daintier things—you'll not regret it.

"The Modern Way is to let our Laundry make a clean job of the dirty work and save your time for better things."

Fast — Reliable — Responsible — Dependable

FREIGHT SERVICE

FAST SERVICE is today's demand. We give it.

RELIABILITY as a carrier is a proved factor of our service. Our policies of courtesy and efficiency have been tried and a steady increase in the number of our patrons has resulted.

RESPONSIBILITY, financial as well as otherwise, is an essential which shippers and buyers should never overlook.

DEPENDABILITY is an essential factor of our service. Established and regular schedules to all parts of the United States—through our connections the Winston-Salem Southbound, Norfolk and Western, Atlantic Coast Line, Norfolk Southern and Seaboard Air Line railroads—assure you of deliveries as expected.
